**PRESIDENT NEWS:
WEAR THE FAST SHOES
THIS FALL**

Welcome to another career-energizing year with FEI New York City! Keep your track shoes handy as we accelerate your networking, knowledge and fun unlike any other organization for financial executives.

This Fall, we get reacquainted September 12 during our Fall Rooftop Reception at 230 Fifth. Will Linda misplace her shoes again? Later in the month we host PayPal CFO John Rainey in a fireside chat with Wall Street Journal's Kimberly Johnson. And in October we offer you TWO deep-dive programs: how to negotiate a better health plan for your company, and how to ensure your organization's cyber security. Note these deep-dives will not be boring prezos with content easily available elsewhere. Expect to leave with tangible tools you can implement immediately.

In November we have the pleasure of hosting Ebrahim Abbasi, CEO of Silicon Valley tech company Violin Memory, who will share turnaround strategies...with a touch of Zen philosophy...applicable to any industry. And in December look for our marquee holiday networking event that you won't want to miss...help us invent our own signature chapter cocktail this year.

That is a ton of value, and it's only the first half of the fiscal year. Wait until you hear what we have in store for Spring! For an early heads up, be sure to attend an upcoming program and seek out our chapter leaders for more G2.

Until then, lace up and water bottles ready!

Matt
