The Language of Success

8

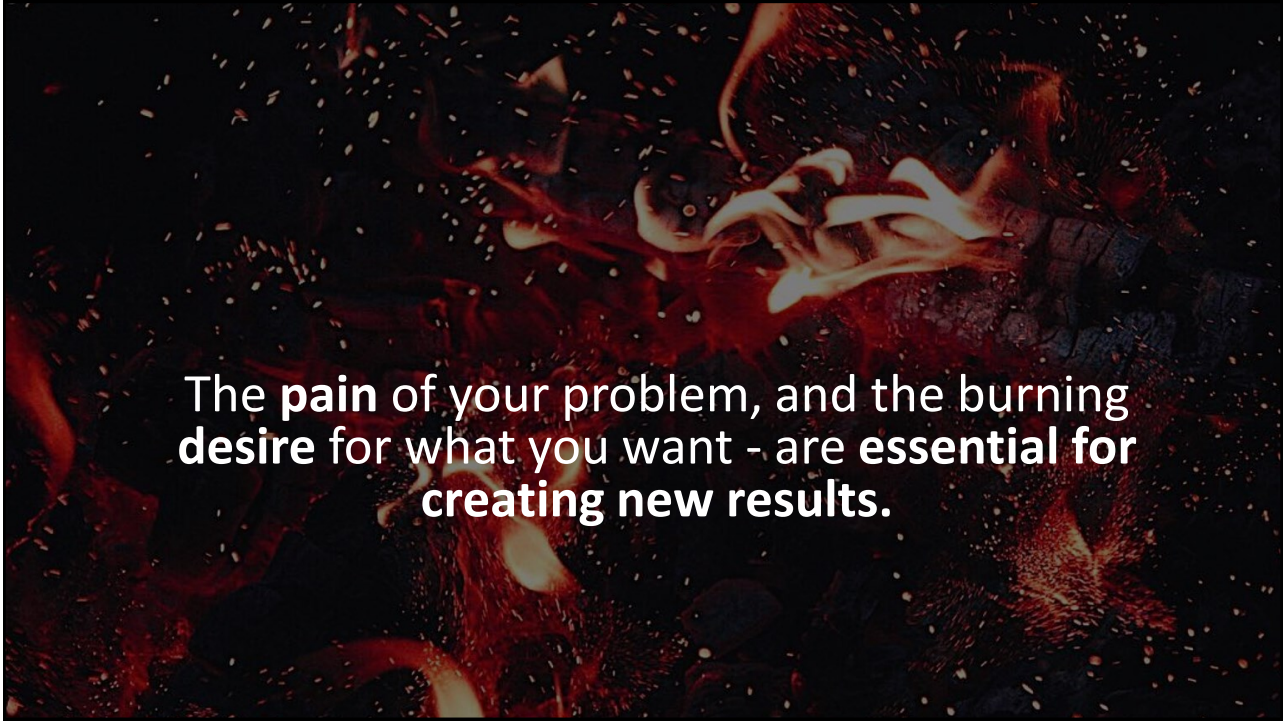

Raise your hand if
you have some area
of your life you'd like
to improve?

9

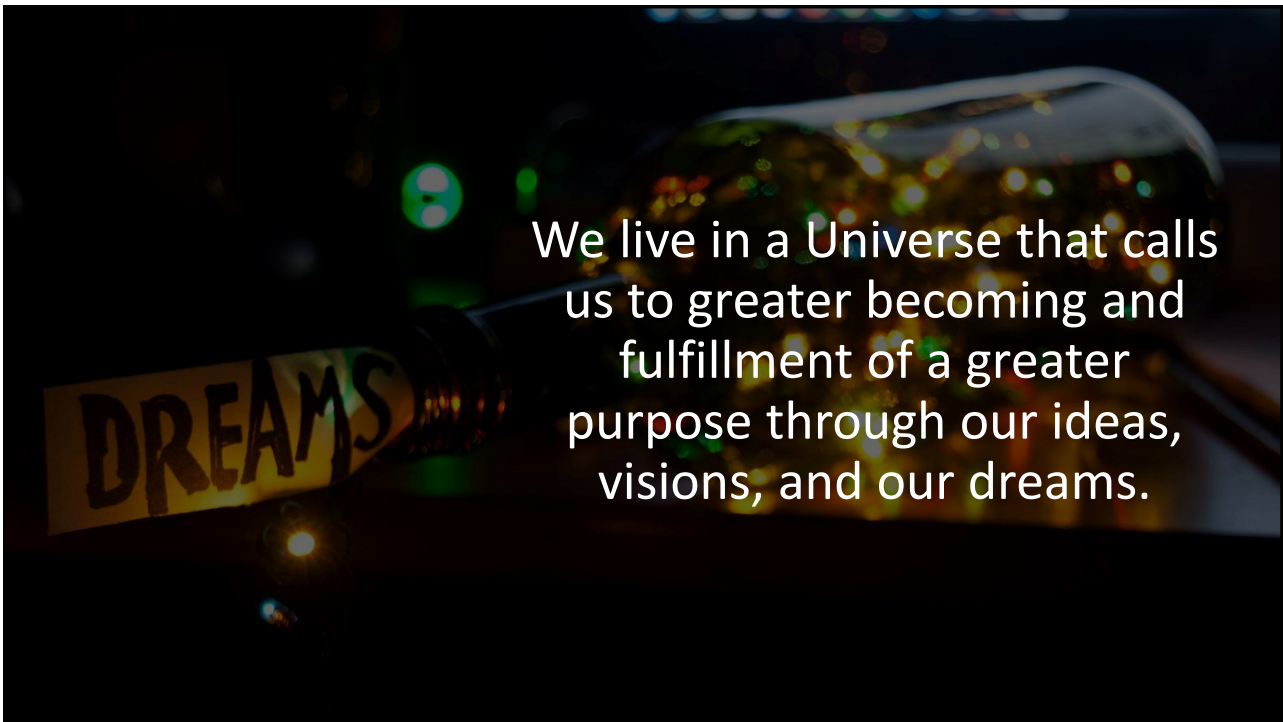

How many of you have
ever achieved an,
initially, impossible
goal or dream?

10

The **pain** of your problem, and the burning **desire** for what you want - are **essential** for **creating new results**.

11

We live in a Universe that calls us to greater becoming and fulfillment of a greater purpose through our ideas, visions, and our dreams.

12

My Promise

Three tips on how you can leverage the Mindfusion Principle so that you can *ignite your highest potential* in business and life, staying aligned to your highest vision and true calling...

13

MindFusion Principles

50 years of study on how to achieve a fusion of your brain's hemispheres...

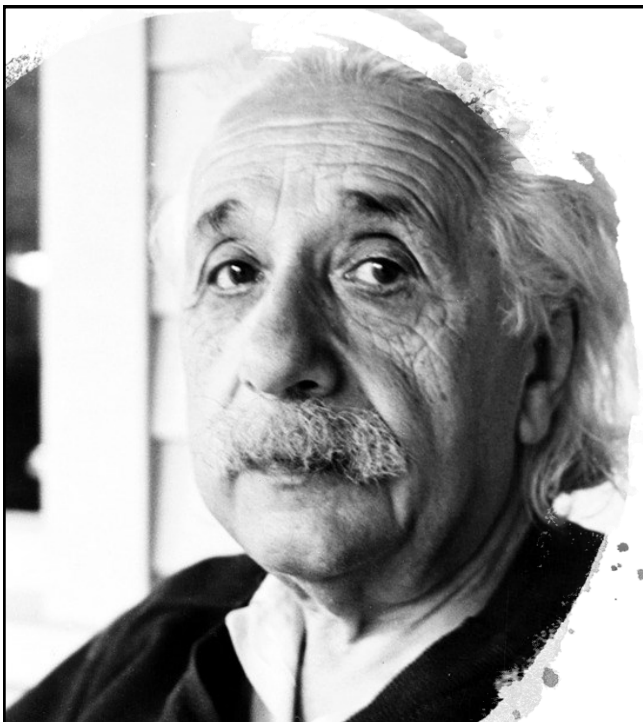

Your **left-brain's logic** and your **right-brain's higher mental faculties...**

14

Because our desires, dreams, and visions come from a *higher domain of the mind*, and initially it seems out of reach because our logical thinking is based on past experiences, condition, and education, which resides in a *lower state of the mind*.

15

“The intuitive mind is a sacred gift and the rational mind is a faithful servant. We have created a society that honors the servant and has forgotten the gift.”
- Albert Einstein

“There is a single mental move you can make which, in a millisecond, will solve enormous problems for you. It has the potential to improve almost any personal or business situation you will ever encounter... and it could literally propel you down the path to incredible success...”

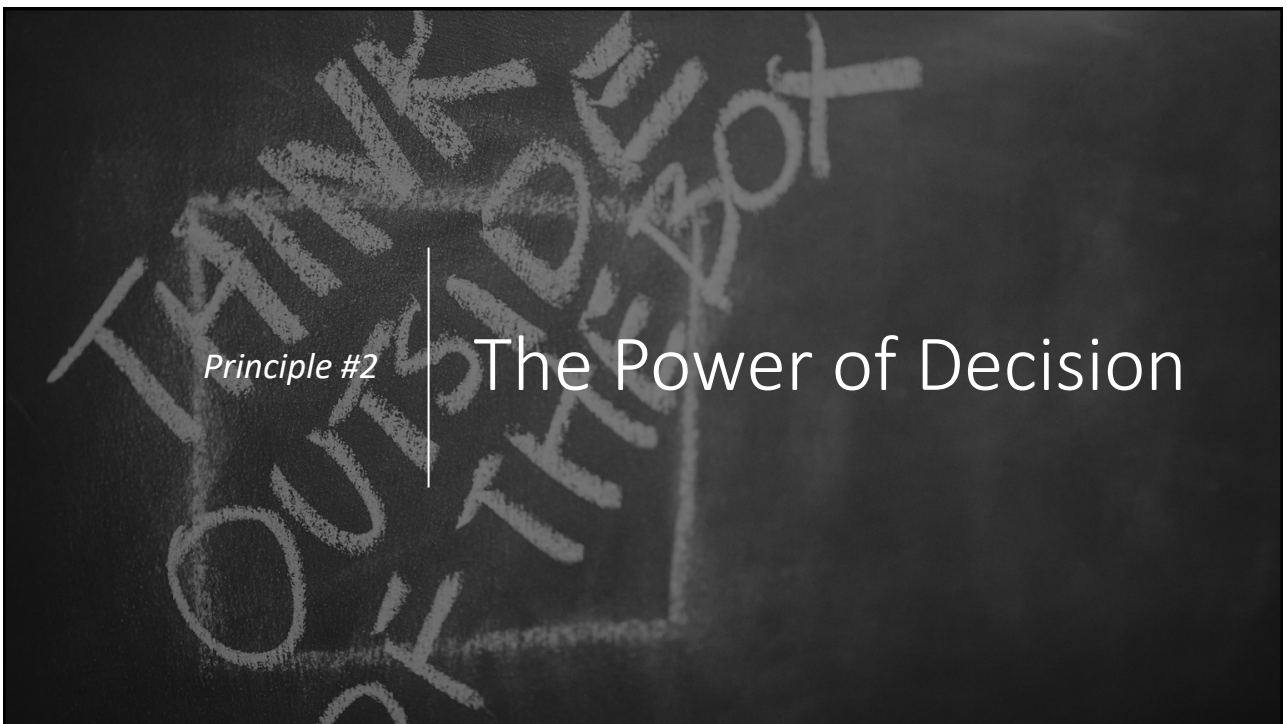

24

“We have a name for this magic mental activity. It is called...

“DECISION”

25

Principle #2

The Power of Decision

26

You Must Decide

27

28
